through drawing*

mish mash

I like to look at the objects and gadgets around my home. Try looking closely at things and drawing them mashed together to create new wacky inventions!

- Sofia Niazi

**You will need
paper, pen
or pencil**

**Pick up a piece of paper
and pen. Walk around your
home and write a list of 10
objects you find.**

**Cut out the words, fold
them and put them in a
cup.**

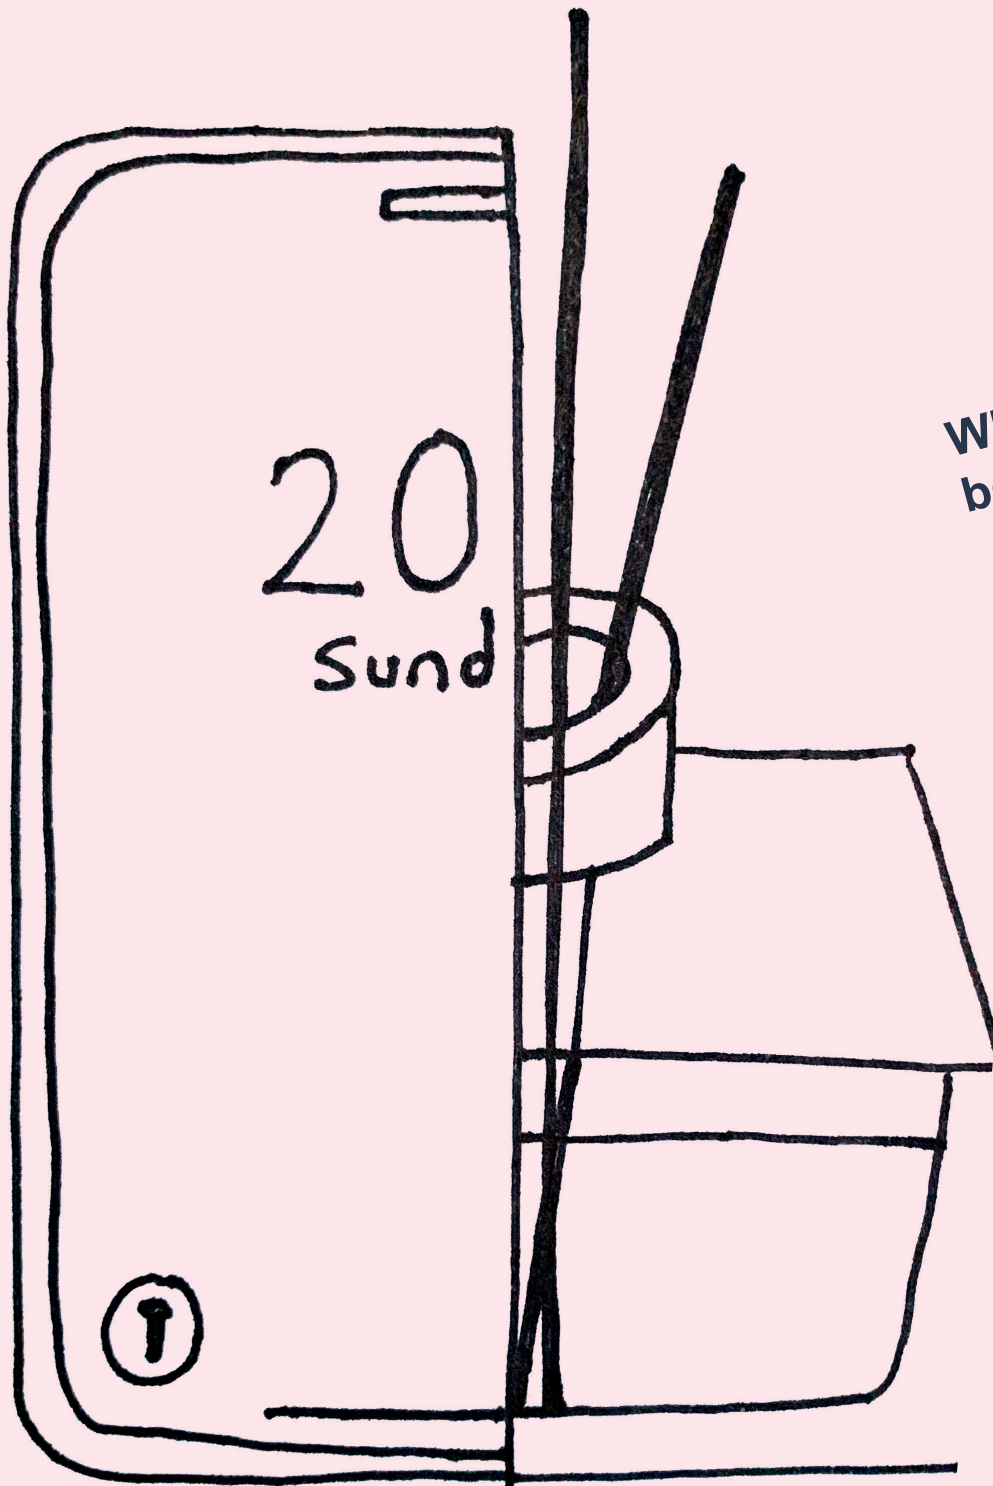

**Make a mish mash drawing!
Pick out two words and draw
half of one object joined to half
of the other object!**

*You can decide how they join and
what size to draw each thing.*

**Go and show your drawing
to someone. Can they guess
what it is?**

What does the new object look like?

What could it be used for?

What would happen if you mashed the same objects together in a different way?

Include your name
and title of the drawing!

When taking
a photo of your
drawing, do it in
good light, watch
out for shadows
and zoom in!

Drawing in its simplest form – leaving a mark on a surface - is direct and instinctive. Drawing Room's ROCK PAPER SCISSORS programme puts children at the centre and explores with them, their teachers, schools and families what drawing can be and uncovers ideas through the act of drawing.

Following a number of artist-led projects with primary aged children, this edition of digital publications seeks to continue those fun and experimental drawing approaches throughout this period of isolation and school closures. By exchanging ideas and responses between artists and children, we will gather material for an online exhibition, joining the dots between remote families who are using their kitchens, bedrooms and living rooms as places to make, play and draw.
