

who are you?

A ROCK PAPER SCISSORS
project with Drawing Room,
led by Joy Yamusangie

This week we are looking
closely at our faces and all
the different colours in our
skin and hair. Look at the
light and shadows.

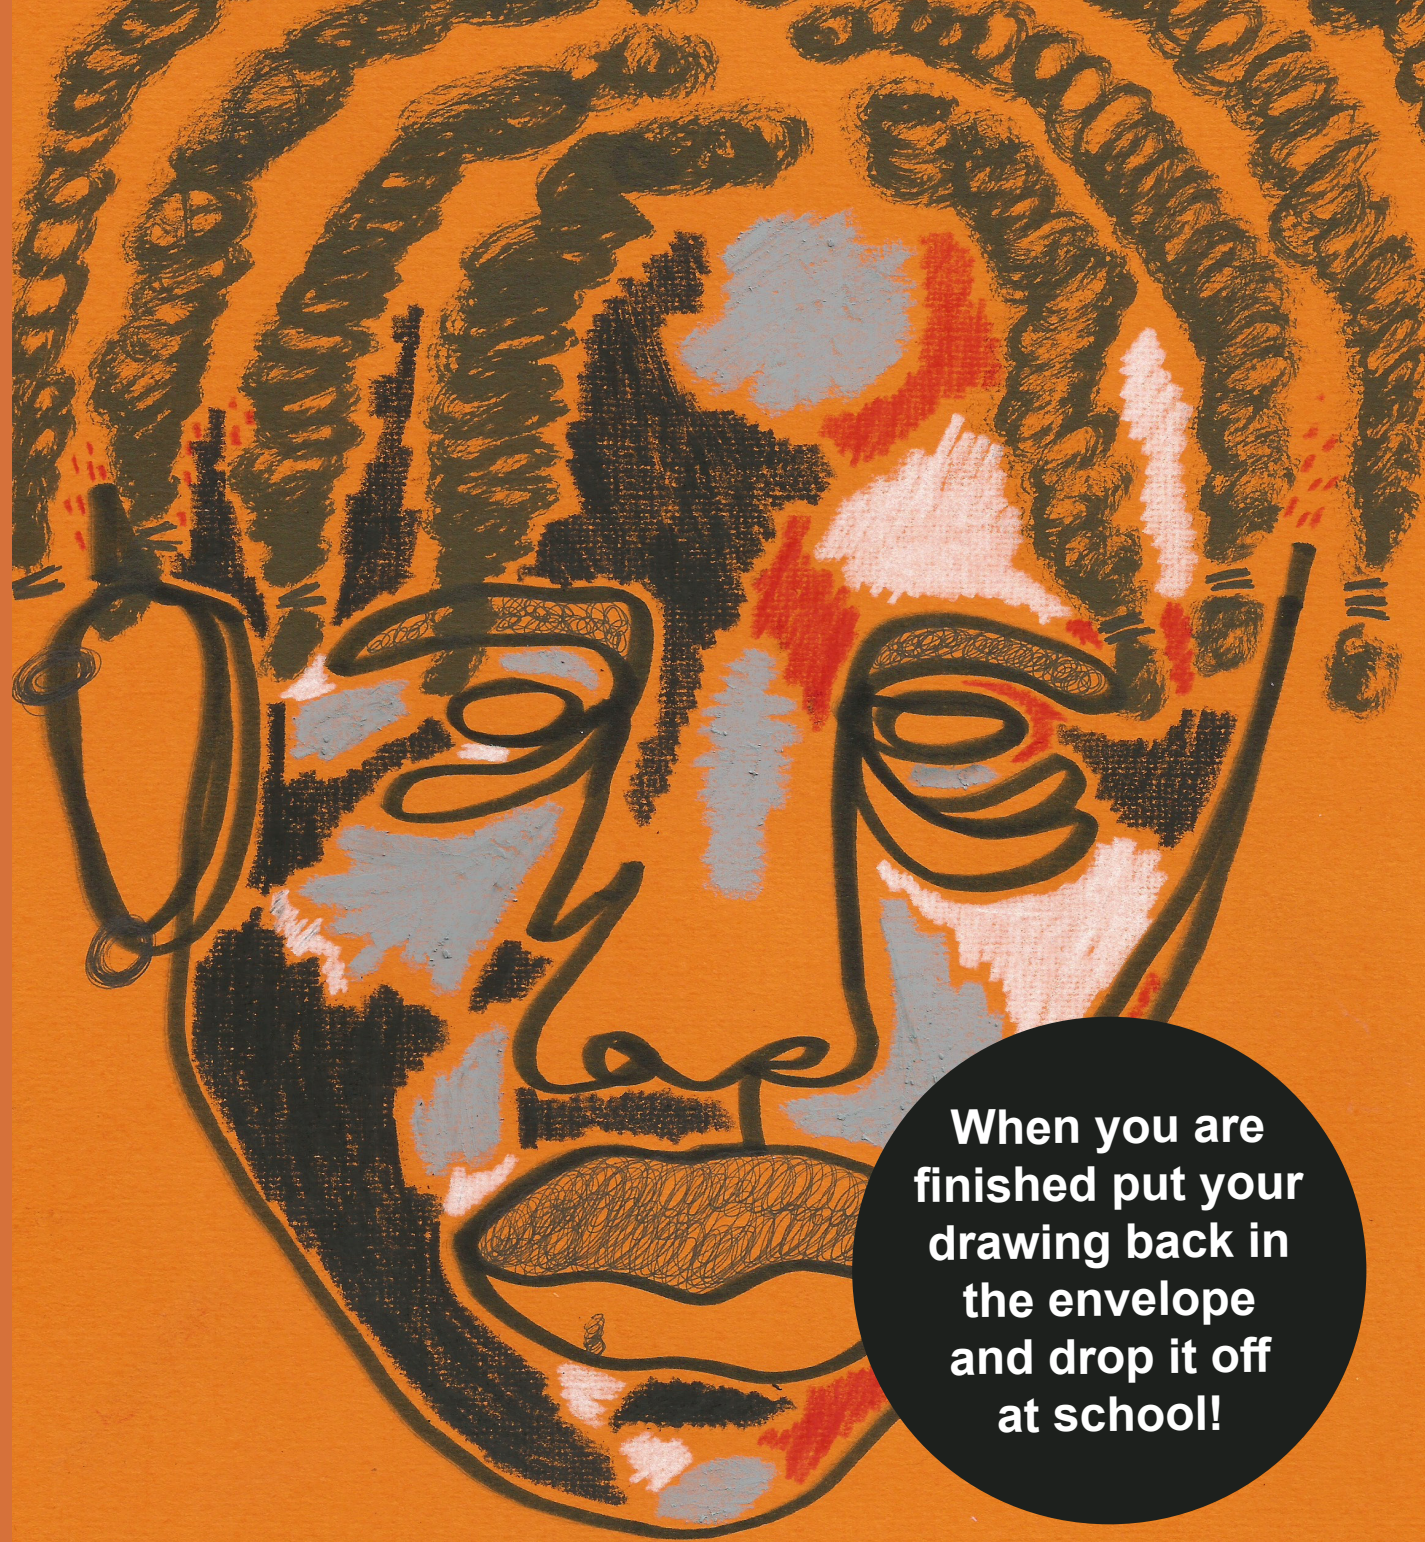

colour

Look in the mirror. Draw your face onto the coloured card. Use as much colour as possible!

What colours do you see?

How many different colours can you use on your page? They don't need to be the real ones!

Try using the tape to stick together different pieces of card to draw on.

When you are finished put your drawing back in the envelope and drop it off at school!
